Solid understanding of complete software development life cycles, mobile application standards, UI/UX, Android SDK, NDK, changing standards, and Agile methodologies. Dedicated to continuously developing, implementing, and adopting new technologies to maximize development efficiency and produce innovative applications.

Experience

Sr. Android Developer – ACMEUNIVERSE i-Tech

JUNE 2015 - Present - Ahmedabad, Gujarat, India (6+ Years)

- Spending most of my career here I learned right from scratch and developed skills required for android development.
- Zero to Launch: spent time on in-house development and small start-ups. While I've specialized in the phase of app development, managing the client from strategies to deliveries.
- Organizational and prioritization skills with the ability to manage multiple projects
- Exp. Product work Environment - Monscierge
 - Worked on a project for around 2 years for North American Company (Monscierge) and maintained the requirements of new clients. Product which supplies the hospitality and client's subscription based CMS.
 - Collaborate with cross-functional teams to define, design, and ship new features and consume platform APIs, and to suggest modifications where appropriate.

Skills

- ★ Java, Kotlin, Flutter basics, OOP Concepts, MVVM and MVC,
- ★ Extensive UI/UX Material Design Patterns, Data Binding
- ★ Firebase, SQLite and Realm, Shared Preferences
- ★ Rest Web Services, JSON/XML Parsing, SOAP API, Volley/Retrofit
- ★ Integrations: Social Media-Ads-Payment and In-App Purchase, Third-party Libraries
- ★ Push Notification, Google Play Service APIs, Google Map, YouTube APIs.
- ★ Interaction with External Hardware Like, BLE & Bluetooth Beacons, Assa aBloy Door Lock, Salto Door lock system, AR, Meridian Maps (Indoor Mapping)

Software/Tools

- ★ Android Studio, Eclipse IDE, Android SDK
- ★ GitHub, JIRA, Sprintly, Big Bucket, Asana, XD.

Education

Masters of Computer Application / APR 2012 - APR 2015, Ahmedabad, Gujarat, India

Attended Masters and started work as an Android developer after internship.

- ★ Android (Mobile Computing), ERP, Networking, WordPress, Software Eng.
